

Empowering People to Change the World

**The Invisible War 2:
The Great Reset
Steve Holt**

Wholeheart Declaration...

The Invisible War 2-The Great Reset or a Great Revolution?

Ephesians 6:12; Matthew 24:6-14

Satan is on the move in the world today. Principalities and powers are at work, but God's on the move. We know Who is most powerful. But what I'm going to share this morning is quite sobering:

- Not unlike Lenin in the early days of the Bolshevik Revolution and Hitler in writing *Mein Kampf*, written in 1925, his autobiography that spelled out his convictions and plans...
- Klaus Schwab, founder and executive chairman of the World Economic Forum (which I will call the WEF)—an infamous organization made up of the world's political, economic, and cultural elites, that meets regularly in Davos, Switzerland, is projecting his vision for world dominion.
- Alongside Klaus Schwab is Thierry Malleret, co-founder and main author of the *Monthly Barometer* and the most eye-opening book, *COVID-19: The Great Reset*, which, by the way, came out in the summer of 2020, which means it must have already been researched before the supposed pandemic occurred. Interesting.

Klaus Schwab: “By 2030, you will own nothing and be happy about it.”

- Which really means that by 2030, he will own everything, and he will be happy about it!
- He started the World Economic Forum, made up of the world's most successful billionaires; and working alongside the governments of the world, they will own everything.
- You will be completely controlled by the government because you will be completely dependent on the government.

- I am speaking also of the globalists, elite billionaires, and the WEF.

Six Quick Facts about the WEF, Globalists, and Billionaire Elites

The following are a few things you need to understand about the WEF, the globalists, and billionaire elites, who are pulling the levers for world dominion:

Quick Fact 1: Technology is their god!

- **They worship at the altar of technology, and most consider themselves atheists and hate Christianity.**
- Since Christianity is the most effective and powerful faith in the world and stands in the way of their worldview, the restricting of “religious freedom” is always to their benefit.
- They see a god in the cloud on your phone, the god of Big Tech (think surveillance, 5G, digital E system, and cell towers in every neighborhood).

Quick Fact 2: They are actively working for a One World Order.

- **They don't believe in the sovereignty of individuals or nations, and want to erase all borders and gather all nations into a one-world government.**
- Think New World Order, One World Government, and open borders.

Quick Fact 3: They hate free enterprise, property, and speech.

- **They hate free enterprise, private property, free speech, and any government or company they cannot control.**
- **They hate the American Way, American Exceptionalism, and our Constitution.**

- They will own everything, and you will rent from them. Social credit scores would be enacted, like the Chinese use, for you to receive the rations you need to survive.
- The WEF is designing a worldwide digital E system that will monitor all of your behavior, purchases, and beliefs—even your DNA.

Quick Fact 4: They believe the population must be reduced.

- **They believe the planet is overcrowded and populations should be reduced (think infanticide, abortion, and more and more dangerous untested vaccines, i.e., the covid shot).**

Quick Fact 5: Their cover is all things green.

- **Their cover for most of their activities is climate change, overpopulation, and green legislation, working closely with the United Nations.**

Quick Fact 6: The best government will be capitalism with Chinese letters.

- **They are actively working to create a one-world government built on “capitalism with Chinese letters,” which means Chinese-style capitalism.**
- It is socialism, communism, Marxism, and totalitarianism wrapped up and cloaked under the new cool name of “The Great Reset.”
- They meet every year in Davos, Switzerland, comprised of more than 400 major firms and 70 nations. At recent WEF meetings, leaders like Xi Jinping, General Secretary of the Chinese Communist Party, Vladimir Putin, Bill Gates, recently the largest farmland owner in the U.S., gather.

What is the Great Reset?

The Great Reset means addressing “the weakness of capitalism” and resetting the world’s governments into a Chinese-style system. It is “rebooting” the operating systems of democracy and Marxism.

- The idea of the Great Reset goes back much further, with the inception of the World Economic Forum in 1971.
- Klaus Schwab was an engineer and economist when he published his first book, *Modern Enterprise Management in Mechanical Engineering*.
 - It was his first attempt to develop his theory of “stakeholder capitalism,” arguing that “the management of a modern enterprise must serve not only shareholders but all stakeholders to achieve long-term growth and prosperity.”
 - It has since become a growing theme that reflects how governments can work closely with elite companies to control and reorganize ownership of all private property.

They discovered that the best way to do a “great reset” was to create a worldwide problem that would cause people to need more government control.

- In May, 2018, the WEF collaborated with Johns Hopkins Center to conduct “CLADE X,” a simulation of a national pandemic, the outbreak of a novel parainfluenza virus, and how to prepare for an epidemic that would kill 30-40 million people in the U.S.
- In October 2019, the WEF collaborated with John Hopkins Center and Bill and Melinda Gates Foundation on yet ANOTHER pandemic exercise, called “Event 201,” which simulated the outbreak of a novel coronavirus. This was two months before the outbreak of covid-19 in China became news and five months before the World Health Organization declared it a “pandemic.”
- What a coincidence!

Michael Rectenwald, Chief Academic Officer, American Scholars, writes, “The ‘CLADE X’ and ‘Event 201’ simulations anticipated almost exactly how the COVID crisis would occur, and most notably, the responses of governments, health agencies, the media, tech companies, and elements of the public.”

- The responses included worldwide lockdowns, the collapse of businesses and industries, except for the largest and most powerful, and the adoption of biometric surveillance technologies, up to this point used primarily by the CIA.
- Also included was an emphasis on using social media for censorship of divergent opinions and views, called “misinformation.”
- The flooding of social and legacy media with supposedly “authoritative sources,” widespread riots, and mass unemployment.
- Tied closely to the “Great Reset” and the covid response, is “climate change.” Working closely with the United Nations’ Sustainable Development Goals, on June 13, 2019, the WEF formed a partnership with the UN.

In June 2020, the WEF announced the Great Reset official launch when Schwab and Malleret published their book on COVID and the Great Reset.

The book declared COVID represents an “opportunity that can be seized...we should take advantage of this unprecedented opportunity to reimagine our world...the moment must be seized to take advantage of this unique window of opportunity...for those fortunate enough to find themselves in industries naturally resilient to the pandemic.”

Take a moment to think here; “Big Tech” like Apple, Google, Facebook, and Amazon, have made billions during the plandemic. Think “Big Pharma,” like Johnson & Johnson, Roche, Merck, and Pfizer, which needed a vaccine to make their billions.

- As planned and predicated by Klaus and Malleret, the COVID Pandemic was the beginning of the Great Reset.

How COVID-19 has been the perfect cover for the Great Reset:

1. Covid revealed how easily the general population could be manipulated and controlled through fear.

Schwab and Malleret write, “The past five centuries in Europe and America [have taught us that] acute crises contribute to boosting the power of the state. It’s always been the case, and there is no reason it should be different with the COVID-19 pandemic.”

- Most even in the U.S. were willing to be manipulated and controlled with mandates and vaccines in the name of safety and health.
- Virtually all of the mainstream legacy media went along, and most of our politicians in both parties played the game.
- Even with mounting evidence against and lack of scientific evidence to support the mandates, shots, masks, and shutdowns, the population continued to blindly obey.

2. Covid pulverized the middle class.

- During covid, the WEF, Big Tech, Big Pharma, the Bill and Melinda Gates Foundation, in cooperation with Anthony Fauci, pulverized the middle class and engineered the greatest transfer of wealth in world history!
- In 2020, workers lost \$3.7 trillion dollars, while billionaires gained \$3.9 trillion. Some 493 individuals became new billionaires, and an additional eight million Americans dropped below the poverty line.

3. Covid enriched the elite, the “Great Reset Robber Barons.”

- The biggest winners, what I will call the “Great Reset Robber Barons,” through the lockdowns and the censoring of critics, were: Big Tech, Big Pharma, Big Data, Big Telecom, Big Finance, and Big

Media, like Michael Bloomberg, Rupert Murdoch, Viacom, and Disney and Silicon Valley Internet titans Jeff Bezos, Bill Gates, Mark Zuckerberg, Eric Schmidt, Sergey Brin, Larry Page, Larry Ellison, and Jack Dorsey.

- Ellison's wealth increased by \$34 billion.
- Mark Zuckerberg's wealth increased by \$35 billion.
- Google's Sergey Brin's wealth increased by \$41 billion.
- Jeff Bezos' wealth increased by \$86 billion.
- Bill Gates' wealth increased by \$22 billion.

4. Covid revealed the monopoly of Big Pharma on U.S. Healthcare.

- Not only have these men and companies raped the common man, even our healthcare industry has been systematically destroyed by Anthony Fauci and Big Pharma.
- When Fauci took office in 1984, America ranked among the world's healthiest nations in the world. By 2001, according to the Commonwealth Fund, America ranked last among industrialized nations for healthcare in every category.
- Under Fauci, we have seen a tripling in vaccines administered to the American people, and the allergic, autoimmune, and chronic illnesses have mushroomed to afflict 54% of children. Fauci has given no explanation as to why allergic and autoimmune diseases like asthma, eczema, food allergies, allergic rhinitis, and anaphylaxis, suddenly exploded beginning in 1989. Some 80 autoimmune diseases, including juvenile diabetes, rheumatoid arthritis, Graves' disease, and Crohn's disease, which were practically unknown prior to 1984, suddenly became epidemic under his watch.
- Why do I tie Fauci and the Great Reset together? Because the same companies are working together with a vision of weakening the individual liberties and health of the general population and the democratic process, in order to make us more dependent on the elites in industry and government.

The Great Reset is capitalism with Chinese letters.

“The Great Reset represents the development of the Chinese system in the West, but in reverse. Whereas the Chinese political class began with a socialist political system and then introduced privately held for-profit production, the West began with capitalism and is now implementing a Chinese-style political system. This Chinese-style system includes vastly increased state intervention in the economy on the one hand, and on another, the kind of authoritarian measures that the Chinese government uses to control the population.”
(Michael Rectenwald, Chief Academic Officer, American Scholars)

- In brief, the Great Reset is “stakeholder capitalism” involving behavioral modification of corporations to benefit not shareholders but stakeholders—individuals and groups that stand to benefit or lose from corporate behavior.
 - It entails large corporations’ interests working closely with government intervention to manipulate the economy to monopolize the control over the common people and cancel all dissenters.
 - Another way of describing it is “capitalism with Chinese characteristics,” a two-tiered economy with profitable monopolies and the state on top and socialism for the majority below.
- Klaus wants a Marxist Communist state fueled by capitalism. In other words, not Soviet Communism built on communism first and the economy second, which led to failure. But rather, the Great Reset represents the development of the Chinese system in the West, however, in the way the Chinese have engineered it...

Klaus Schwab: “By 2030 you will own nothing and be happy about it.”
Meaning: We will own everything, and we will be happy about it.

But at The Road, we aren’t buying it:

- **We didn’t follow any of the mandates and proved to be right.**

- **We didn't follow the shot and Faucism, and we have been proven right.**
- **We have fought hard to stop Marxism in our schools, and we are winning.**

God is shaking the world for a Kingdom of God revolution.

Psalm 2:1-8

In the midst of the raging nations, God is setting up His King and His Kingdom.

“For thus says the Lord of hosts: ‘Once more (it is a little while) I will shake heaven and earth, the sea and dry land; and I will shake all nations, and they shall come to the Desire of All Nations, and I will fill this temple with glory,’ says the Lord of hosts.” (Haggai 2:6-7)

God is shaking the nations for a Kingdom revolution.

“The words ‘once more’ indicate the removing of what can be shaken—that is, created things—so that what cannot be shaken may remain. Therefore, since we are receiving a kingdom that cannot be shaken, let us be thankful, and so worship God acceptably with reverence and awe.” (Hebrews 12:27-28)

God is shaking your life so that you will embrace the unshakable Kingdom.
